

Application for a residence permit for students – First-time applicants

Case No.	Signature
----------	-----------

You should use this form to apply for a residence permit to study in Sweden if you are a citizen of a country outside the EU/EEA and Switzerland. Most applications will be subject to a fee.

Once you have been admitted to a study programme or course in Sweden you must apply for and be granted a residence permit before you enter Sweden. This applies regardless of whether you are a citizen of a visa-free country because, as a general rule, a residence permit cannot be granted to applicants who are already in Sweden.

You will find further information regarding residence permits to study in Sweden, as well as this form, on our website at www.migrationsverket.se. Please complete the form on your computer as this makes it easier for us to process the case. **Don't forget to sign your application once you have printed it out.**
